Emy,

The agenda looks good. Participants for Lockheed Martin include Brad Owens (LMC), Doug Goins (LMC), Gene Matsushita (LMC), Brian Thorne (LMC), Steve Winston (Winston Studios), Mike Smith (CDM Smith), Roger Olson (CDM Smith), Alan Bick (Gibson Dunn), and Gary Brugger (Exponent).

Thanks,

Brian

Brian,

Here is the agenda for the March 26 meeting in Seattle. I did not receive any edits when I sent out the draft a few weeks ago. Can you tell me who will be attending from Lockheed Martin?

For EPA, Dennis, Christy Brown, Bernie Zavala and I will be there. Linda Meyer may join us for the air sampling discussion. Mary Q. will join us by phone.

Thanks,
Emy
